The balance of funds need to be paid over 3 to 10 months pending the duration of the course. These payments will require debit orders arrangement.

### FOREIGN STUDENTS

Foreign students are classified as non-South African citizens other than refugees. All foreign students and refugees shall pay the full fees before receiving an acceptance letter which is required to enrol at Northlink College. All refunds will only be paid back to the country of origin. Levies, where applicable, are included in the course fees and are not refundable upon cancellation.

### CANCELLATION / TERMINATION OF A COURSE

A student who terminates his/her course or subject must inform the Programme Manager. Absconding from class does not constitute a formal cancellation. Therefore, a student will remain liable for the full payment of fees. When terminating a course after registration, the student will be held liable for all outstanding fees and stipends. If the student is funded by a Employer, the College must be notified in writing that the Employer is undertaking to pay registration and course fees for the year of study within a specified time period.

A student is liable for the full payment of residence fees for the duration of their stay. No refund will be granted to students who vacate the residence at any time.

Students may be prohibited from writing examinations and results may be withheld if the course fees are not paid in full. Students will not be allowed to register for the following trimester, semester or year if their fees are not paid in full. The student or parent(s) or guardian(s) is personally liable for the outstanding fees. Defaulting on payment arrangements will result in legal action to recover all fees.
